## SESSIONS

**WEDNESDAY, JULY 29 | 8:30AM - 4:00PM**  
**Efficiency Meets Intelligence: What's New with Synergy AI for Your Agency** | Presented by: Jesus Mercado, HealthCare Synergy, Inc.

Running a home health agency comes with increasing pressure to stay compliant, efficient, and profitable—all while delivering quality patient care. In this session, we'll walk you through the latest innovations in Synergy AI, our intelligent EMR platform built to help agencies like yours do more with less. From real-time documentation support to streamlined billing, you'll see how these new tools are designed to save time, reduce errors, and support stronger financial outcomes—without the learning curve. Whether you're new to Synergy or a longtime user, this is your opportunity to explore the game-changing features that can help take your agency to the next level.

**Thursday, July 30 | 8:30AM - 4:00PM**  
**Protecting Your Agency: HIPAA Essentials for Home Health & Hospice** | Presented by Basil Buencamino, Vortex Research Group

HIPAA compliance isn't just a legal requirement—it's a critical part of protecting your patients, your staff, and your agency's reputation. In this session, we'll break down what HIPAA compliance really means in the modern home health landscape, clarify common misconceptions, and show you exactly where agencies are most vulnerable..

**Friday, July 31 | | 8:30AM - 4:00PM**  
**Staying Secure: What Every Home Health Owner Needs to Know About Cyber Threats** | Presented by: Gerald Morgia, HealthCare Synergy, Inc.

Cyber threats are becoming more advanced—and more common—in the healthcare space. For home health and hospice agencies, the risk isn't just about data breaches; it's about patient trust, financial loss, and potential legal consequences. We'll cover the biggest threats facing healthcare providers today and walk through practical strategies you can implement to keep your system
